Interpretation Australia Executive Portfolio Managers and State Chapter Representatives – an overview 2019-2020

Interpretation Australia needs you!

Interpretation Australia is a voluntary organisation that needs your help to thrive and develop. Joining the IA Executive, convening a Portfolio or becoming a state chapter representative means you can play an important part in IA's future.

We are always looking for more people and new ideas. All positions are up for election at the AGM – you just need to nominate and be a financial member. Please note that you can nominate even if you won't be able to attend the AGM. Nominations must be seconded by two members of IA.

How IA Functions

IA works at five levels

1. **Executive:** IA (from 2016-2017) is managed by a smaller Executive of 7, with a President, Vice-President, Secretary, Treasurer and 3 General Executive Members. The Executive provides the overall management and direction for IA. They are responsible for the 'running the business side' of the association.
2. **Administration Officer:** The day-to-day work of IA is undertaken by a part-time (about 8 hours per week) paid Administration Officer. This position is not elected at the AGM.
3. **Portfolios:** A range of Portfolios are critical in providing the **benefits** to IA members. The Portfolios are mostly small teams, each with a Convenor/Manager, and are instrumental to IA's delivery and providing member benefits – professional development such as conferences and webinars, networking, Indigenous liaison, sponsorship, resources and awards – is at the core of what we do
4. **IA State Chapter Representatives:** facilitate networking between IA members and others interested in interpretation in our states and territories. They organise local events and workshops, and provide important opportunities for professional development and networking.
5. **Members:** Enjoy the member benefits, and as a voluntary association are very important in helping to provide benefits.

The benefits and advantages of being involved:

1. You'll become part of a dynamic organisation and help shape its future
2. You'll make a contribution to the interpretation profession at a national level
3. You'll find out all about best practice, employment opportunities and the latest trends in interpretation
4. You'll have opportunities for professional development
5. You'll join a great team, and get to know people from across the country.
